

**ANIA**  
Where caring and technology meet

**2022 ANIA Annual Conference**  
**April 27-29, 2022**  
**Seminole Hard Rock Hotel & Casino**  
**Hollywood, FL**

**ANIA** is pleased to announce the **Call for Poster Abstracts** for our Annual Conference for 2022. Participants who attend this conference will gain enhanced knowledge of current trends and best practices in informatics by examining the latest strategies and the management of data using technology in nursing and health care.

**Submission guidelines**

Please visit the ANIA Abstract Management System to register and submit your abstract for review at the following web address: <https://www.conftool.org/ania2022/>

**Abstract** is limited to 500 words, excluding the title. The abstract should contain a description of the project or subject matter as well as a learning outcome. If presenting a research/EBP project, please include the methodology, analysis, and results. All references to names and organizations within the body text should be removed that could identify the authors/investigators.

The Conference Program Planning Committee will be reviewing and evaluating each abstract for relevant content supported by evidence-based practice and/or guidelines, and quality of writing in expressing key ideas. Abstracts that promote products will not be considered.

**Novice Podium Presenters – Mentoring the Next Generation**

ANIA supports novice presenters by assigning a mentor. A novice podium presenter is defined as someone who has not done a presentation outside of their employer organization. Co-presenters may not apply, unless all co-presenters meet the novice definition. If you are a novice and need help with your abstract submission, please reach out to [presidentelect@ania.org](mailto:presidentelect@ania.org). If selected, a mentor will be assigned to you to assist with developing your presentation.

**Submission deadline**

Abstracts must be submitted via the Abstract Management System by 11:59 pm on December 15, 2021.

**ANIA**  
Where caring and technology meet

## Submission questions

Any abstract submission questions should be directed to the following:

Kristina Moran  
Education Coordinator  
Email: [ania\\_abstracts@ajj.com](mailto:ania_abstracts@ajj.com)  
Tel: 856-256-2358

## Conference tracks

### Role and career development

- Identify innovative opportunities in education and career development for nursing informatics.
- Identify new and effective methods for mentoring the next generation of informatics nurses.
- Discuss the evolution of informatics roles for nurses.

### Impact on practice:

- Discuss strategies and workflow design for optimizing health care technology throughout the continuum of care.
- Explore how mobile health, telehealth, and new technologies can enable health care transformation.
- Identify best practices for training and educating health care providers and leadership on informatics competencies.

### Quality improvement and patient outcomes

- Evaluate the impact clinical information systems have on patient care outcomes.
- Identify how clinical decision support systems can drive evidence-based practice.
- Discuss new and emerging trends in patient engagement in a technology-laden environment.

### Innovation in practice

- Identify emerging knowledge and research opportunities in the field of nursing informatics.
- Discuss new and emerging trends in consumer informatics.
- Discuss how analytics drives data to wisdom in health care.

### Leadership strategies

- Identify traditional and non-traditional leadership methods applicable for informatics.
- Discuss methods that nurses can use to drive change management in health care organizations.
- Identify ways in which organizations can empower clinical transformation.

## Participants

Novice and experienced nurses and their associates who are engaged in the practice of healthcare informatics in any practice area.

**ANIA**  
Where caring and technology meet

## **Authorship of abstracts**

The primary author/investigator submits the abstract with full consent of all co-authors/investigators. The primary author will be the contact person for all future correspondence. Although a nurse should be one of the authors/investigators, interprofessional abstracts are welcome (e.g., physician, pharmacist, social work, etc.). ANIA members and non-members are invited to submit abstracts. Posters selected for presentation must have a presenter who is able to present on any day of the conference.

## **Biographical data and conflict of interest disclosure forms**

Biographical data and conflict of interest disclosure information is requested for any abstract submission. The primary author, primary presenter (if other than primary author), and any additional authors who are anticipated to be in attendance as presenters are requested to complete these forms and provide them with the abstract submission. **All biographical data and conflict of interest disclosure forms should be included with the abstract submission.**

**Expertise:** Briefly describe your knowledge and subject matter expertise related to the content for the submitted abstract.

## **ANCC Standards**

Abstract authors must comply with the ANCC Content Integrity standards related to commercial support and conflict of interest. Below is a brief summary on the standards which apply to the abstracts:

- The abstract must be free of commercial interest.
- Commercial interest organizations are not eligible to submit abstracts.
- An individual must disclose any financial relationship with an entity with a commercial interest.
- The content or format of the CNE activity or its related materials must promote improvements or quality in health care and not a specific proprietary business interest of an entity with a commercial interest.
- Presentations must give a balanced view of therapeutic options. Use of generic names will contribute to this impartiality. If the CNE educational material or content includes trade names, when available trade names from several companies should be used, not just trade names from a single company.

## **Abstract submission, review, and acceptance**

**Submission:** Abstracts must be submitted via the abstract management system by the requested deadline.

**ANIA**  
Where caring and technology meet

### **Abstract submission fields**

- **Submitting author name:** Submitting author must be the primary presenter or a contributing author.
- **Conference track/submission type:** Determined by abstract submission type.
- **Information on authors**

*Authors:* Please list one author per line. If the contribution has several authors from different organizations, please put an index number of the authors' organizations in the right column. The index numbers have to match the line numbers of the organizations below. Several organizations per author may be separated by commas.

*Organizations:* Please list every organization only once. The line number of the organization has to match the index number listed above (behind the authors).

- **Contribution details**

- *Title of contribution:* Use key words which describe the specific topic and content of the abstract.
- *Abstract (limited to 500 words):* Summarize content into a brief, well-organized and engaging paragraph. Abstract text should contain evidence-based guidelines, best available evidence, and/or nursing research to add meaningful and supportive data. The Conference Program Planning Committee needs to clearly understand and visualize a 360-degree view of the proposed session. Strive to use the majority of the allotted character limitations. Please note that any learning outcomes, objectives, and references included in the abstract paragraph will contribute to total character limit.
- *Content outline structure*
  - a. Evidence-based practice: 1) Purpose, 2) Description, 3) Evaluation/Outcome
  - b. Research: 1) Purpose, 2) Background/Significance, 3) Method(s), 4) Result(s), 5) Conclusions/Implications
- *Presentation type:* Please select the topic/track from the list that best suits your abstract. This information is used to assign reviewers during the review process and to develop the conference program.
- *Keywords:* Please enter up to 5 key words for your contribution.
- *Novice presentation:* Please check off if the abstract is considered a novice presentation. A novice presentation is one where the primary presenter(s) has never presented outside of their employed institution.
- *Level of presentation:* Please indicate the level of this presentation.

- **Conflict of interest disclosure upload**

Completed Conflict of Interest Disclosure Form **MUST BE UPLOADED HERE** for main author and any intended presenter(s) if abstract is selected for presentation. The system accepts multiple file uploads, but only the most recently uploaded file will be reflected on the user end to confirm that the upload has been successful. A copy of the actual abstract or supplemental material should not be loaded as an attachment to the abstract.

**ANIA**  
Where caring and technology meet

**Review and selection process:** A needs assessment is completed by the Conference Program Planning Committee. The need assessment development is a systematic process of gathering data to help identify a professional practice gap in knowledge, skill, or nursing practice and drives the abstract selection process. A blind review of the abstracts is completed by the Conference Program Planning Committee and designated reviewers. Abstracts are evaluated for the completion of requested information and adherence to all instructions. If an abstract does not adhere to the stated criteria, it will not be reviewed.

**Acceptance:** Notice of the review outcome will be sent by mid-February. An abstract which is not selected for presentation may have contained unclear concepts, content not supported by evidence, and/or simply may not have met the Conference Program Planning Committee's needs assessment.

### **Presentation of abstract at conference**

An assigned presentation space and 4-foot high by 8-foot wide cork display board will be provided. Format for the poster presentation should include a creative, visual presentation of the abstract content.

Poster presenters should be registered to attend the full conference. Primary poster presenters are eligible to receive a \$100 discount off the full main conference registration fee. Only one discount per poster presentation. No travel or other expenses are provided. Presenters are responsible for all expenses incurred for their presentation including, but not limited to, the poster itself.

Poster presenters must be present at their poster display during the dedicated poster presentation times to allow colleagues to ask questions. Exact times are subject to the final program and will be communicated to presenters. The presenter can be someone other than the primary author but should be a registered nurse qualified to discuss the topic content.
